To whom it may concern:

About 8 months ago our growing insurance agency needed to upgrade our printer/fax/copier. We had not been happy with the service provided by the company we had used in the past, and were looking for a local company that would be able to set us up with a piece of equipment that met our needs as well as provide us with excellent service after the sale.

After getting a few quotes we decided to go with Image Solutions in Arden, NC. We were quite happy with our salesman, Jack, the area manager, Adam, as well as Garrett Williams, the owner. Each one of these people was knowledgeable, professional, and easy to work with.

With their help and expertise we were able to lease the equipment that perfectly met our needs. It was delivered and set up just as they promised. They provided the support we needed just as they promised. And they still come by to make sure we are satisfied, just as they promised.

I would not hesitate to recommend them to anyone looking for quality products, reasonable prices, and excellent service, both before and after the sale. Please feel free to contact me if you would like to speak with me directly.

Sincerely,

Suzanne Wisnoski

Director of Client Services
