To Whom It May Concern,

When it came time to assess our copying and printing needs we contacted several companies for prices. Image Solutions worked with our needs and our budget limitations to provide a machine that met and surpassed what we were leasing previously.

Image Solutions was upfront while flexible to work with us on sampling, price and installation of our new copier/printer/scanner. We would recommend contacting Image Solutions to work with your budget and your printing needs.

Respectively,

Douglas V. Moon  
Executive Director, Opportunity House
